MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM : Special Assistant to the Director for Interdepartmental Affairs

SUBJECT : Draft Presentation for AFCEA/NSIA Symposium, 21 April 1982

1. The attached draft presentation was produced by SOVA in consultation with [redacted] called today to say that he is unhappy 25X1 with the presentation of the material. Although he believes the content is satisfactory, it is not yet in a form which would really be useful for an oral presentation.

2. Because we are down to the wire, we agreed that we should ask your comments on the content so that any additional information you want can be cranked into the next iteration.

3. [redacted] has his people standing by to get your reactions. They would like 25X1 to turn it around again by Monday for your final review. I don't like to put pressure on you to make up for someone else's failings, but if you have a chance to look at it this weekend the Operations Center is standing by to call the SOVA people so they can get a head start on the redraft before Monday. If you have a chance to look at it, would you please pass the package with your comments to the Operations Center so they can initiate the next stage in the draft.
